## Projects

### ChatWiz – Real-time Chat Application | (HTML, CSS, JS, PHP, AJAX) February 2023-June 2023

A cutting-edge chat application with advanced security features to allow seamless real-time communication and online status verification with email-verification and normalization to prevent duplicity.

### Resumate: Online Resume Maker | (HTML, CSS, JS, Mongo DB) September 2022-December 2022

**Web-based** Resume Maker application for a resume making. Integrated the front-end with the back-end to streamline user registration and offer industry-standard templates for rapid resume creation.

### Clubhouse Clone | (React.js) July 2023-August 2022

Clubhouse-inspired React.js project featuring routers, switches, and dual layouts for a unique social audio experience. Join rooms, interact, and enjoy seamless navigation in this immersive app clone.

## Achievements

### Speak To Lead

**3<sup>rd</sup> prize** in an inter-college competition comprising three rounds – **Group Discussion, Storytelling and Presentation** – showcasing exceptional skills and earning recognition for outstanding performance.

### Model's United Nations | Debate Competition

Exhibited exceptional **public speaking** and **interpersonal skills** by participating and triumphing in **4 MODEL UNITED NATIONS Conferences**, amidst a field of **80+ delegations** per contest.

## Volunteer Work

### Feeding India | 2016-2018

With a modest and humble desire to make a positive impact in society, volunteered with a local NGO chain "**Feeding India**" (now acquired by Zomato), dedicated to **collecting surplus food** from social events like weddings and **distributing it to underprivileged communities** and those in need of sustenance.
